

Hotel Miracosta

TOKYO DISNEYSEA, TOKYO, JAPAN

Disney Imagineering selected EverGreene to create murals for the Venetian-inspired fantasy interiors of the Miracosta Hotel at Tokyo Disney Seas. Work on this project included trompe l'oeil gold-leaf decorative ornament in the grand dome, bas-relief tablatore, figurative murals representing the spirits of various cultures, a ceiling mural in the Il Magnifica Suite, and a series of five coffered mural panels above the reception desk.

EverGreene has worked with Disney for over 25 years around the world, including locations at the Boardwalk Hotel in Orlando and EuroDisney in France.
