

## St. John Vianney College Seminary

ST. PAUL, MN

Saint John Vianney College Seminary is a theological educational institution established in 1968 in St. Paul, Minnesota. It is one of the largest college seminaries in the United States, representing dioceses throughout the country and hosting around 100 undergraduate men each year. The institution focuses on providing the foundations for young men to pursue a priestly vocation and succeed in major seminary. They work to form integral Christian character and discipleship, provide a traditional Catholic program of spiritual growth, and a strong liberal arts education. Their alumni work to build up the Catholic Church throughout the world, with more than 600 of their alumni serving as ordained priests and numerous others serving as lay leaders in their parishes and communities.

The two exterior tympanum mosaics portray the integral stories of the Crucifixion and the Ascension. The chapel was delicately decorated with several murals, with a heavy focus on color and pattern in the Sanctuary. The designs implemented at St. John Vianney College Seminary were made in the Beuronese style; a 19th century religious artistic style, which emphasized tranquil and often muted scenes which used geometry as an integral part of creating proportions...
