

St. Paul the Apostle

WESTERVILLE, OH

In 2011 EverGreene was contracted to work on the designs for a new church dedicated to St. Paul the Apostle in Westerville, Ohio. The designs for the new liturgical artistry program in the sanctuary arch and Blessed Sacrament Chapel at St. Paul's represent the Heavenly City, above, and the Heavenly Garden, below. This enables parishioners to experience their worship space as the sacramental representation heaven their design team and congregation had desired. The artwork as designs and painted in a Beuronese style of artwork which adds to the sense of the world perfected.
