

Diana Chapman Walsh Alumnae Hall

WELLESLEY COLLEGE, WELLESLEY, MA

The Diana Chapman Walsh Alumnae Hall is the largest auditorium in Wellesley College and the home of its Theater Studies Department. EverGreene participated in the \$18 million makeover, its first-ever renovation since being built in 1923.

As part of a major restoration project of this 1,300 seat theater, EverGreene recreated the badly damaged murals (painted on burlap) in our New York studio, and then installed them on-site. The facility is named in honor of the college's 12th president, which features a 1,000-seat auditorium within its 46,500 square-feet.
